Washington, DC 20460

To Whom It May Concern:

This is a request under the Freedom of Information Act. I hereby request the following records:

Any notes, scripts, papers, slides, or other recorded elements of the presentations and panels originally scheduled to be given at the State of the Narragansett Bay and Watershed program in Providence, RI, and related press conferences, including (but not limited to) Autumn Oczkowski's keynote address Rose Martin and Emily Shumchenia's material for the panel "The Present and Future Biological Implications of Climate Change."

For your convenience, I will note that this material is probably available from the Atlantic Ecology Division (AED) of the National Health and Environmental Effects Research Laboratory (NHEERL), but if not, this request is not limited to that division.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

M. Alan Thomas II
